

# Connecting Leaders of Tomorrow With Leaders of Today

**OUR MENTORSHIP PROGRAM** is a unique 12-month journey, designed for members of business families, to share their goals and receive support and guidance from leaders who know all about working with family. You will have the opportunity to work one-on-one with a Mentor while expanding your professional network and building your skills.

“ *I've had numerous mentors in the past, but what has really stood out with this mentorship experience was the understanding and appreciation of the complexities of working within a family business.* ”

—Justine Zavitz, Zavitz Insurance & Wealth

Whether you are looking for some guidance, a sounding board or you wish to re-align your priorities or set new goals, your Mentor is here to support you.
